#### Performance Review

Overall economic activity during the first half of the year was marred by COVID-19 situation as a consequence of which all major sectors of economy came under strain. However, due to weaker demand, lower oil prices and slow activity, a worthwhile reduction in inflation was recorded. In order to cope with the situation, the State Bank of Pakistan took many initiatives to dampen the effects of COVID-19 and allowed certain relaxations and relief to borrowers as well as banks to tide over the difficult business conditions. Furthermore, the economic initiatives taken by the Government are expected to boost activity in various sectors and have a positive impact.

Despite non conducive business environment, the Bank of Khyber has demonstrated strong financial performance which is result of proactive management and prudent approach towards pandemic circumstances. In order to cater to unforeseen deterioration in asset quality, the bank has taken measures and created necessary buffer in the balance sheet.

For the half year ended June 30, 2020, the Bank posted Rs.2,033 million profit before tax whereas profit after tax stood at Rs.1,206 million as compared to Rs.498 million for the same period of 2019 – an increase of 142%. Better profitability was achieved through increase in Mark-up / Interest earned and Capital gains whereas expenses were kept at a minimum. Further, costly deposits were shed to consolidate Bank's position.

The total assets of the Bank rose to Rs.318,195 million from Rs.306,305 million at the year-end 2019. With an increase of 21%, deposits stood at Rs.221,126 million whereas with a slight increase from the year end 2019, advances stood at Rs.118,026 million. Investments with an increase of 8% stood at Rs.158,026 million.

At the end of the half year 2020, the Bank was operating with 169 branches and 3 sub-branches throughout the country wherein 84 branches were working as dedicated Islamic Banking Branches.

#### Future Outlook

The economy is likely to continue to be faced with high uncertainty owing to the challenges posed by the COVID-19 pandemic on several economic fronts. However, there are visible prospects of gradual improvement in the economy as the government is easing the lockdown and allowing many sectors to resume activities. This is expected to result in improved business environment paving the way to regain economic momentum.

In these circumstances, the Bank of Khyber is repositioning itself with better understanding of the situation and taking necessary measures for moving ahead.

#### **Credit Rating**

JCR-VIS Credit Rating Company Ltd. (JCR-VIS) and The Pakistan Credit Rating Agency Limited (PACRA) have maintained the medium to long term and short term entity ratings of the Bank at "A" (Single A) and "A-1" (A One) respectively. Outlook on the assigned rating is "Stable".

The ratings denote low expectation of credit risk emanating from strong capacity for timely payment of financial commitments.

#### Acknowledgement

On behalf of the Board, I would like to express gratitude towards Provincial Government, State Bank of Pakistan and other regulatory authorities for their guidance and support. I am also grateful to our valued customers for their patronage and continued confidence in the Bank and the staff members for their hard work and consistent performance.

For and on behalf of the Board of Directors

#### INDEPENDENT AUDITOR'S REVIEW REPORT

#### TO THE MEMBERS OF THE BANK OF KHYBER

#### **REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS**

#### Introduction

We have reviewed the accompanying condensed interim statement of financial position of The Bank of Khyber ("the Bank") as at 30 June 2020, and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim cash flow statement, and notes to the condensed interim financial statements for the six-month period then ended (here-in-after referred to as the "condensed interim financial statements"). Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review.

#### **Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

#### Other matters

The figures for the condensed interim profit and loss account and condensed interim statement of comprehensive income for the three months period ended 30 June 2020 and 2019 have not been reviewed, as we are required to review only the cumulative figures for the six-month period ended 30 June 2020.

The engagement partner on the audit resulting in this independent auditor's report is Ahsan Shahzad.

However, vide its notification SRO 56 (I)/ 2016 dated January 28, 2016, it has been notified that the requirements of IFRS-10 and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under Trust structure.
- 2.4 IFRS 9 has been applicable in several overseas jusrisdictions from January 1, 2018 and is progressively being adopted in others. The requirements of this standard are incorporated in the Bank's financial statements for the jurisdictions where IFRS 9 has been adopted. As per SBP's BPRD Circular Letter no. 4 dated October 23, 2019, the applicability of IFRS 9 to banks in Pakistan has been deferred to accounting periods begining on or after January 1, 2021. The impact of The application of IFRS 9 in Pakistan on the Bank's financial statements is being assessed.
- 2.5 The disclosures made in these condensed interim unconsolidated financial statements have been limited based on the format prescribed by the SBP vide BPRD Circular Letter No. 5 dated March 22, 2019 and IAS 34. These condensed interim unconsolidated financial statements do not include all the information and disclosures required for annual unconsolidated financial statements and should be read in conjunction with the unconsolidated financial statements for the year ended December 31, 2019.

#### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD ENDED JUNE 30, 2020

#### 3 BASIS OF PREPARATION

- 3.1 In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by the banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under the respective arrangements (except for Murabaha financings accounted for under Islamic Financial Accounting Standard 1 "Murabaha") are not reflected in this condensed interim financial information as such, but are restricted to the amount of facility actually utilized and the appropriate portion of mark-up in price thereon. However, the Islamic banking branches of the Bank have complied with the requirements as set out in the Islamic Financial Accounting Standards (IFAS), issued by the Institute of Chartered Accountants of Pakistan and notified under the provisions of Companies Act, 2017.
- 3.2 These financial statements have been prepared under the historical cost convention except that certain operating fixed assets are stated at revalued amounts, certain investments and derivative financial instruments are stated at fair value and the recognition of certain employees benefits at present value, as disclosed in their respective notes.
- 3.3 This condensed interim financial information has been presented in Pakistani Rupee, which is the Bank's functional and presentation currency. The figures have been rounded off to the nearest thousand rupees, unless otherwise stated.
- 3.4 In this condensed interim financial information, investments in associate are reported on the basis of direct equity interest and are not consolidated or accounted for by using the equity method of accounting.
- 3.5 The financial results of the Islamic Banking Group have been included in this condensed interim financial information for reporting purpose, after eliminating the effects of inter-branch transactions and balances. Key financial figures of the Islamic Banking Group are disclosed in note 35 to these financial information.

#### 4 EFFECTS OF COVID-19 ON THE BANK

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To counter it's impact on businesses and economies, regulators /governments have introduced a host of measures on both the fiscal and economic fronts.

The State Bank of Pakistan (SBP) has also responded to the crisis by reducing the Policy Rate by 225 basis points to 11% in March 2020, 200 basis points to 9% on April 16, 2020, 100 basis points to 8% on May 15, 2020 and by another 100 basis points to 7% on June 25, 2020. Besides, numerous other regulatory measures have been announced by the SBP to support business and economic activity which include, inter-alia, the following:

- · Allowing banks to defer borrowers' principal loan payments by one year;
- Relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief on account of the principal repayment exceeding one year and / or mark-up.
- Relaxing the debt burden ratio for consumer loans from 50% to 60%;
- Reduction in the capital conservation buffer by 100 basis points to 1.5%;
- Increasing the regulatory limit on extension of credit to SMEs to Rs.180 million;
- · Providing concessionary refinance facilities to Hospitals for financing equipment;
- To control unemployment, offered refinance facilities to customers for meeting their salary expense; and
- Besides, various other steps have been announced to dampen the effects of Covid-19.

COVID-19 is likely to impact banks in Pakistan on many fronts. This includes significant increase in overall credit risk and contraction of fee income due to overall slowdown in economic activity. Furthermore, since significant number of Bank's staff is working from home, there is increased operational risk in respect of business operations including enhanced cyber-security threat as increased number of customers are diverting to meet their banking needs through the digital channels.

#### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD ENDED JUNE 30, 2020

#### Credit Risk Management and Asset Quality

The Risk Management function of the Bank is regularly conducting assessments of the credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment. The Bank has further strengthened its credit review procedures in the light of COVID-19. The Bank is continuously reviewing the portfolio, to identify accounts susceptible to higher risk, resulting from the COVID-19 outbreak. The Bank's management has created a buffer against unforeseen loan losses and to preserve the quality of the Credit portfolio.

The Bank expects that several borrowers will be severely impacted by the pandemic. Therefore, many of such borrowers have availed the SBP enabled deferment / restructuring and rescheduling. However, the full potential effect of the economic stress is difficult to predict given the uncertain economic environment. Hence, management estimates that it is appropriate to maintain a general provision on the funded corporate advances at the rate 2.15% excluding:

- (a) Government Sector Advances;
- (b) Non-Performing loans; and
- (c) Consumer and Small Enterprises.

Management also provided for additional 1.15% general provision on Consumer and Small Enterprises. These provisions are based on management's best estimate and in the current period an additional provision of Rs. 1,023 million has been recognized in the condensed interim profit and loss account.

The Bank is reviewing the potential impact of the COVID-19 outbreak on the inputs and assumptions for IFRS 9 ECL measurement in light of available information. Overall, the COVID-19 situation remains fluid and is rapidly evolving at this point, which makes it challenging to reliably reflect impacts in ECL estimates. The Bank is assessing the situation as it develops and is in the process of accounting for the same in its ECL estimates.

#### Liquidity Risk Management

In view of the relaxation granted by SBP for deferral of principal and rescheduling of loans there will be an impact on the maturity profile of the Bank. The Asset and Liability Committee (ALCO) of the Bank is continuously monitoring the liquidity position and the Bank is confident that the liquidity buffer currently maintained is sufficient to cater to any adverse movement in the cash flow maturity profile.

#### **Equity Risk Management**

There is no significant impact of COVID-19 on the listed equity securities of the Bank classified as available-for- sale. The carrying amount of the Bank's investment in listed equity securities classified as available-for-sale, amounts to Rs. 386 million as at June 30, 2020. Impairment against these securities has already been recognized in the financial statements, as applicable. No relief has been obtained during the quarter on account of deferrment of impairment.

#### **Operational Risk Management**

The Bank is closely monitoring the situation and has invoked required actions to ensure the Health and safety of Bank staff alongside uninterrupted service to customers. The senior management of the Bank is continuously monitoring the situation in order to take timely decisions.

Business Continuity Plans (BCP) for respective areas are in place and tested. The Bank has enhanced monitoring of cyber-security risks during these times. The remote work capabilities were enabled for staff, where required, and related risk and control measures were assessed to ensure that the Bank's information assets are protected from emerging cyber threats and comply with the regulatory protocols required under the circumstances. The Bank is communicating with its customers on how they can avail the services from its digital/online channels also.

The Bank staff is working tirelessly to ensure that service levels are maintained, customer complaints are resolved and turnaround times are monitored so that the Bank continues to meet the expectations of all stakeholders.

#### Capital Adequacy Ratio(CAR)

In order to encourage banks to continue lending despite anticipated pressure on profits, credit risk and liquidity, the SBP has relaxed the Capital Conservation Buffer (CCB) requirements to 1.5%, resulting in a 1% decline in CAR requirements for all Tiers.

#### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE PERIOD ENDED JUNE 30, 2020

#### 5 SIGNIFICANT ACCOUNTING POLICIES, ESTIMATES AND JUDGEMENTS AND FINANCIAL RISK MANAGEMENT POLICIES

#### 5.1 Significant Accounting Policies

The accounting policies, underlying estimates and judgments and method of computation followed in the preparation of these condensed interim financial statements are same as those applied in preparing the most recent annual financial statements of the Bank for the year ended December 31, 2019.

# 5.2 Standards, interpretations and amendments to approved accounting standards that are effective in the current period

There are certain amendments in standards that are mandatory for the Bank's current accounting period but are considered not to be relevant or do not have any significant effect on the Bank's operations. These include:

IAS 1 - Presentation of Financial Statements (Amendments)

IAS 8 - Accounting Policies, Changes in Accounting Estimates and Errors (Amendments)

IFRS 3 - Definition of a Business (Amendments)

#### 5.3 Standards amendments to approved accounting standards that are not yet effective

Except for IFRS 9, the Bank expects that adoption of other amendments to approved accounting standards will not affect its financial statements in the period of initial application.

- IFRS 9 'Financial Instruments' - SBP vide its BPRD Circular No. 04 of 2019 dated October 23, 2019 directed the banks in Pakistan to implement IFRS 9 with effect from January 01, 2021. IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The impact of the application of IFRS 9 on the Bank's financial statements is being assessed.

- SBP vide BPRD Circular No. 15 of 2020 dated March 26, 2020 has deferred parallel run of IFRS 9 till July 01, 2020 which was previously starting from January 01, 2020 and has also deferred the submission of IFRS 9 compatible proforma financial statements for the year ended December 31, 2019 till August 31, 2020 which was previously due by April 30, 2020.

#### 5.4 Critical accounting estimates and judgements

The basis for accounting estimates adopted in the preparation of this condensed interim financial information are the same as that applied in the preparation of the financial statements for the year ended December 31, 2019.

#### 5.5 Financial risk management

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the most recent financial statements of the Bank for the year ended December 31, 2019 except for changes as mentioned in note 4.

Being aggrieved, the bank has filed appeal with Commissioner Inland Revenue (Appeals) and stay has been accomplished. We are Sanguine that the demand of Rs.1.73 billion has no lawful grounds and justifications therein, therefore may not be sustainable before the law being devoid of merit.

#### 31 FAIR VALUE MEASUREMENTS

The fair value of quoted investments other than those classified as held to maturity is based on quoted market prices. The fair value of unquoted equity investments is determined on the basis of break-up value of these investments as per their latest available audited financial statements. The fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to the absence of current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or in the case of customer loans and deposits, are frequently re-priced.

#### 31.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements.

(a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares.

(b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Sukuks Bonds, Pakistan Investment Bonds, Market Treasury Bills, Term Finance certificates, FX options and Forward Exchange Contracts.

(c) Financial instruments in level 3

Currently, no financial instruments are classified in level 3.

#### Valuation techniques and inputs used in determ ination of fair values within level 1

Fully paid-up ordinary shares Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.

#### Valuation techniques and inputs used in determ ination of fair values within level 2

Pakistan Investment Bonds / Market Treasury Bills Fair values of Pakistan Investment Bonds and Treasury Bills are derived using the PKRV rates (Reuters page).

Government of Pakistan (GoP) - Ijarah Sukuks

Term Finance, Bonds and Sukuk certificates

Market Association (FMA) through Reuters. These rates denote an average of quotes received from eight different pre-defined / approved dealers / brokers. Investments in debt securities (comprising term finance certificates, bonds, Sukuk certificates and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual

Fair values of GoP Ijarah Sukuks are derived using the PKISRV rates announced by the Financial

Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan. In the determination of the rates, the MUFAP takes into account the holding pattern of these securities and categorises these as traded, thinly traded and non-traded securities.
