4 SIGNIFICANT ACCOUNTING POLICIES, ESTIMATES AND JUDGEMENTS AND FINANCIAL RISK MANAGEMENT POLICIES

4.1 Significant Accounting Policies

The accounting policies, underlying estimates and judgments and method of computation followed in the preparation of these condensed interim financial statements are same as those applied in preparing the most recent annual financial statements of the Bank for the year ended December 31, 2020.

4.2 Standards, interpretations and amendments to approved accounting standards that are effective in the current period

There are certain new standards and interpretations of and amendments to existing accounting and reporting standards that have become applicable to the Bank for accounting periods beginning on or after January 01, 2021. State Bank of Pakistan, vide SBP BPRD circular no. 24, dated 05 July 2021, has further extended the applicable date of IFRS-9 implementation to annual periods beginning from January 01, 2022.

The impact of the application of IFRS 9 is being assessed and final instructions for its implementation are awaited from SBP.

The Bank continues to monitor the financial and operational performance of such borrowers and has maintained the additional general provision amounting to Rs. 322 million (December 31, 2020; Rs. 1,135 million). This change in estimate in general provision resulted from increase in the specific provision upon classification of previously rescheduled / restructured / deferred facilities as well as the management's reasonable estimate of the risk profile of the borrowers who had availed COVID-19 relief.

Moreover, the Bank is regularly conducting assessment of the credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment.

20,3 The income tax assessments of the Bank have been finalized up to tax year 2021.

During the year, Audit proceeding under section 177 for the tax year 2015 has been completed, whereby Deputy Commissioner Inland Revenue has passed an order dated September 30, 2021 and raised a tax demand of Rs. 64 million by disallowing certain expenses under section 21 (c). In this respect, the Bank has decided to file an appeal with Commissioner Inland Revenue (Appeals) Peshawar and correction application with Commissioner Inland Revenue Peshawar. The management is confident that matter will be decided in Bank's favor.

During financial year 2019, the Assistant Commissioner Inland Revenue (IR) Peshawar passed an impugned order dated September 30, 2019 for the tax year 2014 under section 122(1) of the Income Tax Ordinance, 2001, creating ademand of Rs. 1.73 billion, by disallowing the entire amount of mark-up expense and others under section 21 (C) and ignoring section 165(2), wherein, all required information was already submitted with the Income tax department. Being aggrieved, the Bank has filed appeal with Commissioner Inland Revenue (Appeals), which is pending adjudication. A writ petition has also been filed with the Honourable Peshawar High Court. Moreover, the management of the Bank is confident that the said demand has no lawful ground and justifications therein, therefore is not sustainable before the law being devoid of merit.

During financial year 2011, the tax authorities issued an amended order for the tax year 2009 disallowing certain expenditure on account of lack of evidence for such expenditure resulting in an additional tax demand of Rs. 308.9 million. The Bank filed an appeal as well as rectification application against the said order. Based on rectification application, the order was amended and accordingly the additional demand was reduced to Rs. 256.349 million. During 2012, the Commissioner Inland Revenue (Appeals) [CIR (A)] through an order dated June 01, 2012 has deleted certain additions on account of disallowances except for the additions under certain heads of expenses having tax impact of approximately Rs. 23 million. The Bank had filed an appeal against the order of the Appellate Tribunal Inland Revenue (ATIR) in respect of remaining additions which also decided in favour of the Bank. Subsequently, CIR went in to appeal in Peshawar High Court. The management is confident that matter will be decided in Bank's favour.

31 FAIR VALUE MEASUREMENTS

The fair value of quoted investments other than those classified as held to maturity is based on quoted market prices. The fair value of unquoted equity investments is determined on the basis of break-up value of these investments as per their latest available audited financial statements. The fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to the absence of current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or in the case of customer loans and deposits, are frequently re-priced.

31.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using inputs that are not based on observable market data (i.e. unobservable inputs).

The table below analyzes financial instruments measured at the end of the reporting period by the level in the fair value heirarchy in to which the fair value measurement is categorized:

(Un-audited)

Government of Pakistan (GoP) - Ijarah Sukuks

Term Finance, Bonds and Sukuk certificates

Investments in debt securities (comprising term finance certificates, bonds, Sukuk certificates and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan. In the determination of the rates, the MUFAP takes into account the holding pattern of these securities and categorises these as traded, thinly traded and non-traded securities.

Valuation techniques and inputs used in determination of fair values within level 3

Operating fixed assets (Leasehold land) and non-banking assets acquired in satisfaction of claims

Leasehold land are revalued on regular basis using professional valuers on the panel of Pakistan Banker's Association. The valuation is based on their assessment of market value of the properties.
